Past Story

ICT Start-Ups awards is an annual ASSOCHAM initiative to promote innovation through recognition and reward to outstanding ICT innovations. The initiative was established in 2016 by ASSOCHAM with the support of Ministry of Electronics and Information Technology, Govt. of India and ERICSSON. It provides a platform to showcase their outstanding ICT innovations. This initiative seeks to create awareness and understanding on the forms of IPR and how it enhances value for technology driven Start-Up, specifically in Electronics, IT & ICT sectors. In order to build and adopt a strong IP driven business, it is necessary to have a collaborative and continuous effort among Start-Ups, Government, Corporate, Institutions and domain experts.
