8th NATIONAL SUMMIT

Insolvency & Bankruptcy Code and Valuation

Developing A Framework for Assessing Outcomes of Insolvency Regimes

Saturday, 16th September 2023 | Mumbai

OVERVIEW

The Insolvency & Bankruptcy Code, 2016 has endeavored to provide for insolvency resolutions in a time-bound manner with an objective to maximize the value of the assets of the stressed entities and ensure that the management and operation of the corporate entity is an ongoing concern. Since its implementation in 2016, the Code has undergone substantial changes to adapt to the ever-evolving market conditions and stakeholder expectations.

The code provides a transparent, and market-oriented resolution process for insolvency, aimed at protecting the interests of creditors and maximizing recovery. This code is widely seen as a significant step towards modernizing the Indian financial sector and promoting a more business-friendly environment in the country.

In this backdrop, the ASSOCHAM is organizing its 8th National Summit on Insolvency & Bankruptcy Code and Valuation “Developing a framework for assessing outcomes of insolvency regimes”.

Earlier editions of the ASSOCHAM National Summit on Insolvency & Bankruptcy Code had received an overwhelming response from the industry, in creating a vibrant platform for encouraging dialogue between policy makers, regulators and industry stakeholders.
