ABOUT ASSOCHAM

ASSOCHAM, established in 1920, is India's oldest industry association, representing over 450,000 businesses across large, medium, and small scales. As an Apex National Business Chamber, it emphasizes sustainability, empowerment, entrepreneurship, and digitization – collectively known as SEED. The organization operates 100 councils covering various themes, facilitating dialogue and collaboration among industries to drive growth and innovation. Through its initiatives, ASSOCHAM aims to foster a conducive business environment and support the development of a vibrant economy.

ABOUT ASSOCHAM NATIONAL COUNCIL OF EDUCATION

The ASSOCHAM National Council on Education (NCE), established in 2007-08 by prominent academicians and administrators, serves as a crucial platform for engaging with government bodies, policymakers, and educational stakeholders. Its mission encompasses a broad range of activities aimed at enhancing the education sector in India. Key functions of the NCE include:

- Stakeholder Engagement
- Capacity Building
- Accessibility and Equity
- Innovative Models
- Global Collaboration

Through these initiatives, the National Council on Education is dedicated to creating a dynamic and inclusive education system in India, responsive to the evolving demands of learners and the job market.

ABOUT 17th NATIONAL EDUCATION LEADERSHIP AND SKILL DEVELOPMENT CONFERENCE 2025

As India aims for a Viksit Bharat by 2047, education emerges as a cornerstone of this vision. The Union Budget 2024-25's commitment to education reflects a recognition of its pivotal role in fostering economic growth, social equity, and innovation. By prioritizing skilling initiatives and aligning educational content with industry needs, the government is responding to the dynamic nature of the job market.

To realize Viksit Bharat 2047, it's crucial to integrate contemporary issues like governance, globalization, and environmental sustainability into curricula. By promoting creativity and responsibility alongside moral education and employable skills, we can cultivate a generation that is not only skilled but also socially conscious. Well-rounded education will empower individuals to contribute meaningfully to society and help build a prosperous and equitable future for all.

In the light of above and to find out how best to do so, ASSOCHAM is organising 17th National Education Leadership and Skill Development Conference.
