National Conference

Logistics & Warehousing for Viksit Bharat

September 12, 2024, Hotel Le-Meridien, New Delhi

BACKGROUND

A robust and cost-effective logistics and warehousing sector has become crucial in the global business and economic environment. The warehousing and logistics sector in India is experiencing significant transformation. This sector plays a crucial role in India's vision to become the world's third-largest economy and a developed country by 2047. Government initiatives like the National Logistics Policy 2022, the establishment of Dedicated Freight Corridors (DFCs), and PM GatiShakti have significantly bolstered the demand for modern warehousing facilities across the country. The focus on manufacturing-led growth through schemes like the Productivity Linked Incentive Schemes have further increased the demand for warehousing space.

The development of multi-modal logistics parks offers significant opportunities to enhance transport logistics, infrastructure, and ease of doing business in India. Standardizing warehouses and physical assets are crucial for global compatibility and competitiveness. There are ample opportunities for reliable, cost-effective, value-added, and integrated warehousing and logistics solutions. Strategic warehousing capacity development is vital for improving logistics efficiency, driving economic growth, and positioning India as a key player in the global supply chain.

The integration of automation and robotics streamlines supply chain operations, enhancing efficiency and reducing manual intervention. Digitization and data-driven support improve logistics providers' capabilities, enabling better decision-making and resource optimization. Embracing new technologies in inventory management, material handling, and packaging is key to industry best practices. Additionally, prioritizing workforce excellence equips employees to leverage these advancements, fostering a more efficient and competitive logistics sector.

Green logistics and warehousing pave the way for sustainability through eco-friendly practices and circular economy principles that reduce waste and optimize resources. The transition to net zero emissions is crucial for minimizing the sector's carbon footprint. Building a sustainable supply chain for the future requires comprehensive strategies focused on environmental responsibility, efficiency, and resilience.

To embrace these opportunities, ASSOCHAM is organizing a "National Conference on Logistics and Warehousing for Viksit Bharat". The conference will focus on the innovation, integration, and elevation of the logistics sector.

The conference aims to explore recent trends, challenges and opportunities in the warehousing and logistics sector and to discuss strategies for harnessing this growth for a Viksit Bharat. The summit will provide a platform for exchanging ideas, sharing best practices, and exploring innovative solutions to the industry's key issues. By addressing challenges and leveraging growth drivers, India can significantly improve its logistics efficiency and pave the way for a Viksit Bharat.

PARTICIPANTS PROFILE

- ❖ Logistics Services Provider and User Industry
- ❖ Central and State Government Officials
- ❖ Retail & e-Commerce companies
- ❖ Logistics and Supply Chain Companies
- ❖ Material Handling, Equipment companies
- ❖ Warehouse Infrastructure and Service Providers
- ❖ Storage Solution Providers
- ❖ 3 PL / 4 PL/ 5 PL Companies
- ❖ Automation and IT Solution Providers
- ❖ Packaging Solutions Providers
- ❖ Multimodal Logistics Parks
- ❖ Barcode Scanners & Printers Companies
- ❖ Forklifts, Pallet Trucks Companies
- ❖ Rollers & Conveyors
- ❖ Consulting Firms
- ❖ AIDC & RFID Solution Providers
- ❖ Banking and Financial Institutions

KEY DISCUSSION POINTS

- ❖ Role of PM GatiShakti and National Logistics Policy for reducing Logistics Cost and enhancing efficiency
- ❖ Impact of Multi-Modal Logistics Parks on Transport Logistics, Ease of Doing Business, and Infrastructure Development
- ❖ Best Practices for Standardizing Warehouses and Physical Assets to Ensure Global Compatibility and Competitiveness
- ❖ Exploring Opportunities for Reliable, Cost-Effective, and Value-Added Integrated Logistics & warehousing Solution
- ❖ Role of Dedicated Freight Corridors (DFCs) for logistics infrastructure and growing international trade
- ❖ Strategic Development of Warehousing Capacity: Enhancing Logistics Efficiency and Driving Economic Growth
- ❖ Leveraging Automation and Robotics to Enhance Supply Chain Efficiency
- ❖ Adopting Data-Driven Support Mechanisms to Enhance the Capabilities of Logistics Service Provider
- ❖ Grading and Advancing Digitization and New Technologies in Inventory Management, Material Handling, and Packaging
- ❖ Focusing on Workforce Excellence: Addressing the Current Need through Skill Development.
- ❖ Implementing Eco-Friendly Practices to Promote a Greener Future
- ❖ Resource Optimization in the Logistics Sector
- ❖ Transitioning to Net Zero: Strategies and Challenges
- ❖ Spearheading a Sustainable Supply Chain for the Future

SPONSORSHIP CATEGORIES

Platinum Partner: 7 Lakhs

- Speaking opportunity in inaugural session
- Speaking opportunity in one panel discussion
- Speaker photo & profile to be featured in all outreach collaterals
- Corporate video play at conference during the tea and lunch break (5 mins)
- Logo in newspaper advertisement
- Logo will be on the ASSOCHAM event webpage
- Complimentary exhibition space of at the conference venue
- Corporate literature to be included in the delegate kit
- Prominent logo visibility in the conference communication material
- Logo on wings of the backdrop in conference hall
- Logo on the 'thank you partners' panel at the conference venue
- 10 complimentary passes to attend

Gold Partner: 5 Lakhs

- Speaking opportunity in one panel discussion
- Speaker photo & profile to be featured in all outreach collaterals
- Corporate video play at conference during the tea and lunch break (3 mins)
- Logo in newspaper advertisement
- Logo will be on the ASSOCHAM event webpage
- Complimentary exhibition space of at the conference venue
- Corporate literature to be included in the delegate kit
- Prominent logo visibility in the conference communication material
- Logo on wings of the backdrop in conference hall
- Logo on the 'thank you partners' panel at the conference venue
- 7 complimentary passes to attend

Silver Partner: 3 Lakh

- Speaking opportunity in one panel discussion
- Speaker photo to be featured in all outreach collaterals
- Corporate video play at conference during the lunch break (1 mins)
- Logo in newspaper advertisement
- Logo will be on the ASSOCHAM event webpage
- Corporate literature to be included in the delegate kit
- Prominent logo visibility in the conference communication material
- Logo on wings of the backdrop in plenary hall
- Logo on the 'thank you partners' panel at the conference venue
- 5 complimentary passes to attend

Associate Partner: 2 Lakh

- Speaking opportunity in one panel discussion
- Speaker photo to be featured in all outreach collaterals
- Logo in newspaper advertisement
- Logo will be on the ASSOCHAM event webpage
- Prominent logo visibility in the conference communication
